(808) 254-2546 | mylesnellans@gmail.com | [Personal Website](#)

Education

2025-Present	B.S.	Wildlife & Fisheries Science, University of Tennessee, Knoxville
2025-Present	Minor	Watershed, Ecology and Evolutionary Biology
2024-2025		Wildlife and Fisheries, Roane State Community College

Research Experience

Undergraduate Researcher Nov. 2025-Present

University of Tennessee, Knoxville | Sheldon Lab

- Developed laboratory protocols for rearing Nymphalidae across life stages in controlled conditions
- Field and laboratory data collection and analysis on 20+ butterfly species
- Acquired multiple research permits for species collection on National Forests and WMAs
- Secured multiple grants in support of projects that I ran and participated in leading to

NSF REU Researcher May 2026-Aug. 2026

University of Kentucky | mesoProgram

Volunteer Experience

Volunteer Butterfly Monitor Mar. 2026-Present

Seven Islands State Park

- Identified, counted, and recorded butterfly species on the grounds of Seven Islands State Park contributing to long term monitoring data

Volunteer Field Assistant Aug. 2025-Present

Tennessee Wildlife Resources Agency

- 3-Pass depletion surveys using backpack electrofishing gear, identification, measurements of fish, and measurements of the survey location
- Collected data from harvested black bears, including weight, morphometric measurement, and premolar tooth extraction for aging
- Collected tissue samples from harvested white-tailed deer for radiation testing and recorded body weight and antler measurements

Presentations

1.

Mentoring

SDS Peer Mentor

Apr. 2026-Present

University of Tennessee, Knoxville | Student Disability Service, UTK

- Weekly meetings with students to discuss goals, academic progression, and university acclimation
- Working with SDS coordinators to provide solutions for struggling students while maintaining confidentiality

Grants and Awards (Total \$4440)

2026-2027 Popek Ecology Scholarship \$1500 University of Tennessee, Knoxville	2026
Advanced Undergraduate Research Activity \$2000 University of Tennessee, Knoxville	2026
S. David Freeman Sustainability Travel Award \$750 University of Tennessee, Knoxville	2026
Workshop: SAFE CAPTURE Chemical Immobilization \$190 Wildlife and Fisheries Society, UTK	2025
Dean's List x2 University of Tennessee, Knoxville	2025-2026
Dean's List x2 Roane State Community College	2024-2025

Certifications

SAFE CAPTURE Chemical Immobilization, <i>San Diego Zoo Wildlife Alliance</i>	2025
--	------

Skills

Field Skills: Species Identification, Field Capture, Chemical Immobilization, Suturing

Lab Skills:

Mapping: ArcGIS Systems (Pro, Online, StoryMaps)

Languages: R
